

“CAROL FRICKEY MENTORING AWARD”

Given by: Lorna Mills
1277 Main Hwy.
Arnaudville, La. 70512

Committee Members:
Laura Keys
Margaret Nixon

Carol Frickey was a Past Department President (1998-1999). She mentored many of us in this organization. The Auxiliary was a very big part of her life. Her children grew up in the Auxiliary and her husband was always by her side and hauled many of us across the country. While we were in meetings, he was planning our night time activities. What to go see and where to eat.

So, after her passing I asked the Council in 2017 to allow me to give the “Carol Frickey Mentoring Award” in her honor. This will be awarded to any member who takes another under his or her wings and helps them. A little love and support can go a long way. This will be very easy to do. If you see someone you feel needs to be nominated, just write a short essay about what this person has done to Mentor another. They did not have to mentor you.

I hope my mailbox is full because I see a lot of possibilities. I was the Department President in 2005-2006 and my theme was “Mentoring, Legacy and Strength” and the Statue of Liberty was my symbol. So, this is why I am giving this award because she reflected all those things to me. She was the first one that saw something in me and gave me my first change as a Department Chairman. I will always be grateful for her guidance and the opportunity she gave me.

RULES:

A short essay about your nominee and have it to me by June 1, 2024.
